1 of 1 people found the following review helpful.

but I love having it on my desk for reference

By DocScott

This classic isn't cheap, but I love having it on my desk for reference. Having already read the bulk of Tintinalli's during residency, I enjoy having this somewhat more detailed reference text. The excellent summaries and the pictures/tables all in full color are great. And as an added bonus, it includes access to the full text online and/or from your tablet or smart phone (which is a good thing because these two massive volumes are not at all portable!)

4 of 5 people found the following review helpful.

The actual textbook is a great reference. I enjoy the Kindle version because it ...

By charles w. mckaraher

I noted that the online access was available with the Kindle version. I went through the process and was surprised to see that I only have 3 chapters available online. The rest Expert Consult wants me to pay for. I thought that I would have access to the full version. Does anyone else have this problem? The actual textbook is a great reference. I enjoy the Kindle version because it is so portable.
