A very lovely book

By E. Ann Clark

I am new to Milanese Lace. When I saw this book available on Kindle I decided to purchase it. I'm not sure if this format was a wise decision. I think the size of the patterns will be off whereas in book format the patterns would be the appropriate size.

I do love the book. It is beautiful, with such lovely photos of Milanese. I hope someday to gain the skills to make a few of them. This book is an inspiration to anyone who creates this beautiful lace. Patricia Read is an incredible artist.
