Love this book

By M. Vega

I wanted to steal this book from my local library but resisted. Happily it was available through Amazon. L. A. Fuertes is an inspiration to any artist whose muse is nature and in particular birds. His passion and dedication motivate me to peer as deeply into the subject and the whole space that surrounds it. Audubon was given the accolades but the recognition truly belonged to Fuertes. His murals still grace the walls of the Museum of Natural History in New York City.

Beautiful Illustrations

By silky69

I love this book for the beautiful artwork of birds. Many of the plates are in color, and many are in black and white.

The biography of this wonderful artist, Louis Agassiz Fuertes is also very interesting.

Overall, this is a wonderful book with interesting biography, beautiful pages filled with his art of both birds, other animals, maps, and poems, along with some photographs of the artist.

Very nicely compiled.
