Review

“Offers...not-so-outdated tips on achieving marital bliss, from not making him jealous to not laughing when she asks to drive the car.” ?Vanity Fair

“Words of wisdom for a happy marriage from nearly a century ago...The advice comes from a set of guidebooks on marriage written on the eve of the First World War...Penned by Blanche Ebbutt in 1913, they were first published at a time when women stayed at home while their husbands went out to work. Times have changed since then, but the advice could be considered as relevant today as ever.” ?The Daily Mail

DON'TS FOR HUSBANDS BY BLANCHE EBBUTT PDF

Don'ts for Husbands and Don'ts for Wives are facsimile editions of the original books published by A&C Black in 1913. Each pocket-sized book contains hundreds of snippets of entertaining advice for a happy marriage, which rings true almost 100 years after they were written.

The reissued titles are ideal Christmas stocking fillers, and gifts for weddings, engagements and anniversaries.

Advice appears under the following chapters:

1. Personalities
2. How to Avoid Discord
3. Habits
4. Financial Matters
5. Evenings at Home
6. Jealousy
7. Recreation
8. Food
9. Dress
10. Entertaining
11. Household Management
12. Children

'Among the bon mots there is much wisdom. They would make great stocking fillers, or wedding anniversary gifts!' Good Book Guide (October 2007)

Worth Reading

By seldombites

In 1913, women were expected to wear smotheringly hot full length dresses in order to be considered decent. Most women did not work outside of the home, being expected to be happy in their role as wife and mother. In most of the world, women didn't even have the right to vote. Surely any marital advice given at this time would seem incredibly outdated or, at the very least, charmingly quaint, in the year 2011? It was with this attitude that I first opened the pages of *Don'ts for Wives* by Blanche Ebbutt. It did not take me long to realise just how wrong I was. While some of the tips are no longer relevant to the average reader - those having to do with how to deal with servants, for example - much of the wisdom within this volume is as relevant today as it was then. I found myself taking note of many pieces of advice, with the intention of attempting to remedy my behaviour within my own marriage.

Much chastened, I moved onto *'Don'ts for Husbands'* with a more open mind. Once again, I was surprised at how relevant much of Ms Ebbutt's advice is to today's relationships and the progressiveness of some of the points, considering the era in which the book was written.

It is a shame that these books have been so unknown for so long, as I feel that the advice in them is more relevant to a newly married couple than a dozen books of the *Men Are from Mars, Women Are from Venus: The Classic Guide to Understanding the Opposite Sex* persuasion. I would venture to go so far as to state that a copy of each of these books should be given to the happy couple as a wedding present (or perhaps a housewarming gift for those in less formal arrangements). Certainly anybody in a permanent relationship should consider reading them. You will be surprised at just how much you are doing wrong.

Timeless advice!

By M. Ball

The pair of little books "*Don'ts for Wives/Don'ts for Husbands*" sheds an amazing light into the common sense approach to marriage that has worked through the ages. My husband and I got a kick out of them. Written in 1913, before Women's Suffrage had brought women the right to vote in some areas, the advice is remarkably well balanced and I'd say rivals Dr. Laura's in the areas of courtesy bringing bliss! Patience is a theme, as is compromise, appreciation of each other's differences in opinion, turning off your ego, and realistic statements about love not being bought, and making sure you stay on the same "team" with your spouse.

Buy these books as a pair, the differences are also entertaining. Only the "*Wives*" version has a chapter on

"Avoiding Discord"! The author aptly states, "Takes two to quarrel, don't be one of them!"

interesting...

By Madame

This is a tiny book, maybe 3" x 5". It's interesting from a social/cultural studies point of view. Some of the advice is still good...some things never change...and the rest is still good to read (such as, don't flick your ashes on the drawing room carpet). After I got my copy of this book, and the "Don'ts for Wives", I ordered multiple copies of each, and I plan to order more.

A fun gift!
