The here and now book Draw Real People! (Discover Drawing) By Lee Hammond we offer here is not type of typical book. You recognize, checking out now doesn't indicate to deal with the printed book Draw Real People! (Discover Drawing) By Lee Hammond in your hand. You could obtain the soft file of Draw Real People! (Discover Drawing) By Lee Hammond in your gadget. Well, we suggest that the book that we extend is the soft data of the book Draw Real People! (Discover Drawing) By Lee Hammond The content and all things are exact same. The difference is just the kinds of guide Draw Real People! (Discover Drawing) By Lee Hammond, whereas, this condition will precisely be profitable.

From the Back Cover

Having trouble drawing a nose that looks like a nose? In this step-by-step guide, Lee Hammond will teach you how to draw realistic-looking portraits of your favorite people - more easily than you ever thought possible. The secret is in the blending: With pencil and paper, Lee shows you how to create gradual, smooth shadings of light and dark to replicate the subtle contours of skin...and how to use these simple shading techniques to make any shape look three-dimensional. After you've got the basics down, you'll see how to draw every part of the face. It's made easy by looking at each feature as simple, interlocking shapes, then adding the right highlights and shadows. In no time, you'll be drawing realistic noses, mouths, eyes, ears...even facial expressions. Then you'll see how to put all those features together to create an expressive portrait that actually looks like your subject! Step-by-step demonstrations guide you all the way.

How to draw faces

By Carolyn Gall

Nice book

2 of 2 people found the following review helpful.

If You Are Tired Of Drawing Stick People Get This Book!

By Dejablu503

If you are tired of drawing stick people or faces that look like aliens, this book is very helpful for taking your skills to a higher level. Most of my artist talents come from self education not classes, and I have to say an awful lot of the how to draw books on the market are... lacking. They assume a LOT. This book is the first one I have found in a long time that teaches the reader how to draw in a way that is clear, concise, easy to follow. I seriously doubt you can buy this book, really use it and not improve your drawing skills. The skills it covers do not apply just to drawing people even though that is the focus of this book. Perspective, shading, dimensions... these things apply to anything you might want to draw, and this book covers them well. A great reference book for anyone trying to improve their skills!

for his face

By Sheila Stallings

i bought this for my husband he can draw any thing he sets his mind to except for faces, he loves the book he already read the whole thing and is practicing on his face drawings.

it was a very good choice to make buying as a gift,
