It will certainly be easy. Why should be below?

As understood, book *Ed & Marchant: Frankie's Series, Book 2 By Sue Brown* is popular as the window to open the globe, the life, as well as extra point. This is what the people currently require so much. Also there are many individuals that don't like reading; it can be a selection as reference. When you really require the methods to create the next inspirations, book Ed & Marchant: Frankie's Series, Book 2 By Sue Brown will really assist you to the means. Additionally this Ed & Marchant: Frankie's Series, Book 2 By Sue Brown, you will certainly have no remorse to get it.

To obtain this book Ed & Marchant: Frankie's Series, Book 2 By Sue Brown, you could not be so confused. This is on the internet book Ed & Marchant: Frankie's Series, Book 2 By Sue Brown that can be taken its soft file. It is various with the on the internet book Ed & Marchant: Frankie's Series, Book 2 By Sue Brown where you could buy a book and then the vendor will send the published book for you. This is the place where you could get this Ed & Marchant: Frankie's Series, Book 2 By Sue Brown by online as well as after having manage purchasing, you can download and install Ed & Marchant: Frankie's Series, Book 2 By Sue Brown alone.

ED & MARCHANT: FRANKIE'S SERIES, BOOK 2 BY SUE BROWN PDF

A novella in Frankie's Series

Ed Winters despises his job and hates everyone he works with - especially out and proud, happily in love Frankie Mason. He spends his days wishing he could dance rather than work.

Late to go shopping one day, Ed ends up soaked in Marchant Belarus' spilled Coke. Ed's humiliation increases when Marchant, the owner of a BDSM club, realizes Ed is a sub, albeit a very closeted one. Marchant's attempts to draw Ed out of his shell release years of pent-up anger and hurt over the abuse Ed's mother and grandmother heaped on him.

Marchant is patient, but nothing he does seems to help until he discovers Ed's secret love of dancing - a forbidden passion that might be the key to unlocking the confident, secure man Ed could be.

4 stars

By A. Adams

~I received a free copy of this book to read for Inked Rainbow Reads in exchange for an honest review~

4 stars M/M

First off, I have to admit I read this book before reading Frankie & Al. I felt I was missing a little backstory so I instantly read Frankie & Al's story and then Ed & Marchant made more sense. So I suggest you read the series in order unlike myself. I honestly hated Ed and didn't think I could ever change my mind about him. Marchant is a saint and a great Dom, he knew just what to do to make things work with Ed and how to bring Ed out of his shell. The book wasn't long but it was a good story and I can't wait to hear more about this characters in other books.

Wonderful

By Marleen

Copy received from the Publisher through Love Romances and More

Before I start my review I have to confess to not having read Frankie & Al, the first book in this series. It is

quite possible I would have had a tougher time getting to appreciate Ed if I had the earlier book first. As it is, Ed is a very unsympathetic character when we first meet him in this book. And I wouldn't say he's suddenly transformed into a ray of sunlight when he meets Marchant. But he does gradually mellow and, as we find out about his past, it becomes ever easier to sympathise with him. In fact, by the time I was half way through the book I'd started looking at him not as a horrible man but rather as a scared and scarred little boy, doing what he had to in order to keep his head above water.

Marchant was a wonderful character from the moment he was introduced. Smart, sensitive and kind he also has a huge bull-s*** radar and figures Ed out in no time at all. The way he manages to slowly draw Ed out of his shell and teach him how to look at his past and the world around him in a new light was breathtaking.

Much as I loved Marchant, Ed was the man I fell for in this novella. His journey was frightening (for him) and difficult. Yet, as soon as he's given permission to be himself he starts showing his good and human side. His transformation kept me mesmerised from start to finish and I was sad when the end of the book forced me to say goodbye to him.

For a book with relatively little explicit sex in it, this book was incredibly hot. The slow seduction of Ed and his courage when he gives and receives what he's always considered wrong, perverted and deviant was more enticing than any detailed sex scene could ever be.

My admiration for Sue Brown's storytelling talent grows with every book by her I read. I'm lucky because there's still a long list of titles I haven't read yet. Catching up is going to be fun.

For original review see [The Prism Book Alliance Blog](#) online

I think Ed and Marchant could almost be my favourite Sue Brown characters of late. Ed is so unlikeable in the initial pages and I wondered how he could be in a romance, but everyone has their reasons for their behaviour and poor Ed has such sad reasons I just wanted to hug him. Happily he bumps into Marchant who, after dumping Cola over him at a supermarket, becomes an adorable saviour. He sees Ed for who he really is. He gently breaks down his barriers and builds him up stronger and happy for the first time in his life.

Their story is wonderful and the characters are not stereotypical muscle bound hunks. This is a story relating to BDSM, but it is the gentlest and one of the most intelligent BDSM stories you will ever read. This is not the Dom who takes the broken virgin and whips him into submission, literally. The cover for this story is gorgeous and suits the story perfectly. This is a genuine romance. So many stories are tagged 'm/m romance' and romantic they are not. The dancing aspect had me nearly weeping especially when Ed remembers his 'paso doble'...

The passage below reminded me why I like Sue Brown's writing so much...

Ed had to gird his loins to step over the threshold of the club. "Girding one's loins" was a phrase that had always made Ed blush, but in this instance, it was very appropriate. Ed's loins were primed and willing, even if his brain was not so cooperative.

So if I enjoyed this story so much why not a 5*? Well because I would have enjoyed it that bit more had it been novel length. Now there are many reasons why a story is a novella instead of a novel, and not all of them are in the author's power to change. The reason I felt it should have been a novel was that a lot of the progression through Ed and Marchant's relationship is skipped through. End of one chapter they were at the beginning stages of their relationship, next page new chapter... six months on. Plus, I wanted to know about Ed making friends with Maisie and how Marchant helped Ed overcome his underlying issues...Ed's job and more about Marchant's club.

Now it maybe, as this is in a series of novellas, I will find the answers in the following books...but I like immediate gratification and would have preferred a lovely long novel. Of course the fact that I am dying to know all these details about the character's future is also indicative of how much I loved this novella.
