He typically does not enjoy reading and writing

By Jami Fae Gross

My 7-year old son loves the Keri Smith journals. He writes in them for hours. He typically does not enjoy reading and writing, but these journals really keep his attention.

Creative & Fun; Good Stress Relief.

By Jesse Shafer

I bought these for my Fiancee after a trip to the book store, where she expressed her interest. We are having so much fun with them! Not only is the series quite creative and fun, they're great for stress relief and getting through the day to day. It can also be a bonding experience for couples. Regardless of personality type (unless you're just a stick in the mudd) I would recommend this collection (or any one thereof) to anyone.
