MR. ROBOT: RED WHEELBARROW: (EPS1.91_REDWHEELBARR0W.TXT) BY SAM ESMAIL, COURTNEY LOONEY PDF

The only tie-in book for USA's award-winning series MR. ROBOT, Elliot's journal—Red Wheelbarrow—is written by show creator Sam Esmail and show writer Courtney Looney.

Before and during the events of season two, Elliot recorded his most private thoughts in this journal—and now you can hold this piece of the series in your hands. Experience Elliot's battles to gain control of his life and his struggles to survive increasingly dangerous circumstances, in a brand-new story rendered in his own words.

The notebook also holds seven removable artifacts—a ripped-out page, a newspaper clipping, a mysterious envelope, and more—along with sketches throughout the book. You'll discover the story behind MR. ROBOT season two and hints of what is to come. This book is the ultimate journey into the world of the show—and a key to hacking the mind of its main character.

MR. ROBOT is a psychological thriller that follows Elliot (Rami Malek, *The Pacific*), a young programmer, who works as a cyber-security engineer by day and as a vigilante hacker by night. Elliot finds himself at a crossroads when the mysterious leader (Christian Slater, *Adderall Diaries*) of an underground hacker group recruits him to destroy the firm he is paid to protect.

Amazing

By A Kelley

The publication quality of the book is unbelievably good. I highly recommend getting the hardcopy book and not just the Kindle version because the book is so realistic, with all the inserts such as a torn newspaper clipping, envelope, postcard, etc, being so perfect (like the newspaper clipping is actual newspaper) that it's hard not to imagine that I have Elliot's actual book in my hands.

The content is pulled together, oddly enough, by comments by Hot Carla written in the margins. Since some of us suspected there was more to Hot Carla than we got from the show, it's nice to learn more about her.

Do not read this book if you haven't at least seen most of season two or you will spoil a plot twist.

Curiouser and Curiouser, Down the Rabbit Hole We Go...

By Joseph M

Friend,

I'm normally not one to post reviews. However, after being blow away by the quality of this book, I felt the need to speak up.

As mentioned by others, the quality of this book is so great that I actually thought they sent me a special copy of the handwritten composition notebook used on set! Not only is the text authentic, but the various inserts that come with it put it over the top, blurring the lines between a manufactured book and reality.

I'm a huge fan of Mr.Robert the television show. You NEED this book if you are too.

Also, if you are a fan of the Cloverfield Franchise and have knowledge of the Alternate Reality Game that pairs with that particular franchise, this book is for you! You will feel apart of the Mr. Robert universe. Just make sure not to loose too much of a grip on reality.

Awesome stuff!

By Henry Jahja

I thought it will be a boring book-like-the-movie wannabe book. Turns out it's pretty good. With some off-the-book notes and such, looks so authentic.

All the papers surfaces are flat (except for the hardcover), not it's like has been written by a pen/cils, but the inking was so good!

Day 1: Satisfied with the condition. Haven't read the story yet.

Pretty recommended for Mr. Robot fan!
