Radu Cinamar stunned the world when he released his first book, "Transylvanian Sunrise", which described the greatest archeological find of all time: a hidden chamber some 50,000 years old with beneath the Romanian Sphinx in the Bucegi Mountains. This chamber includes holographic technology with a visual data bank of infinite DNA permutations in addition to three tunnels: one leading to the inner earth, one to Tibet and one to Egypt. After being allowed to explore some of these artifacts, Radu was befriended by an enigmatic alchemist named Elinor who introduced him to an equally mysterious Tibetan Lama. "Mystery of Egypt — The First Tunnel" begins with Radu becoming the guardian of Elinor's exotic villa in Bucharest which contains a remarkable alchemical laboratory in the basement. Radu is soon thereafter recruited for Department Zero, Romania's most secret intelligence unit, by his old friend, Cezar Brad, and becomes part of an expedition to explore a mysterious tunnel which leads from the chamber beneath the Romanian Sphinx to a different type of chamber beneath the Giza Plateau which contains ancient artifacts that look more futuristic than they do ancient, one of them being a bioresonant device through which one can visit past and future events. This amazing expedition includes an American from the Pentagon with a top secret laptop computer he is intuitively connected to that not only displays intricate holograms but is also linked to Hilbert (interdimensional) Space. Ancient archeology meets future science in this true life adventure that penetrates the secrets of Egypt in a way that has not been previously conceived of in our society.

these are astounding series of books and a must read for people who are open. The messages and the groundbreaking discoveries are cutting edge and amazing. It's a shame all the information is not fully disclosed because of the shadier side of mankind. I have read all the series and am grateful to the writers for at least divulging some of this info. It makes me sad that some cannot grasp how important this is. For those who do get it we are free thinkers and spiritually aware.

I believe their voice will now be heard by all nations.

It is the time for freedom from mental slavery

Mystery of Egypt Peter Moon

By peter rabbit

This is the third book in the series from Radu Cinimar translated and commented on by Peter moon, who is a brilliant writer. He Peter has a great ability to keep the reader on the edge of their seat

The book ( and one should read the first two in sequence ) contiues the naration of how Radu is exposed to some more of the ancient teachings and mysteries of past gone civilisations. In a review of a book in a series one should not tell too much as that would spoil the theme of the prior books. So If you have not read any of Peter's works you may have too, and if you have then buy this now
