Beautiful Cards, Perfect Deck

By Megan

This is my first Oracle card deck. And I'm hooked. I absolutely love it! I've been wanting a set for the longest time, but I wanted to wait until I could find a set that really spoke to me. Being Cherokee, this instantly resonated with me. I love that it was true to my Native heritage. The cards are absolutely gorgeous, and the meanings could not be more on point. If you are looking for a set of Oracle cards that is true and honest to your Native roots, then I highly recommend this deck and her book, *Kindling the Native Spirit*.

Have you traveled behind the veil?

By Anna from InannaWorks

This visually stunning 44-card deck, created by a member of the Cherokee Nation, brings the power of the natural world and native tradition to the forefront, making it accessible to everyone for intuitive development

and insight. The cards were brought through to the physical world at the foot of a sacred mountain and carry that mystical energy in their imagery. Linn intends them to help users reclaim the sacred powers of their ancestors and remember, once again, how to “travel through divine entryways”.

The 132-page guidebook is beautifully written and offers powerful insight into working with the signs and symbols of the native traditions. Soar with the eagle; let the morning sun wash over you; follow the rainbow to the heart of joy.

Absolutely adore these cards!

By Amazon Customer

I have bought close to 30 different tarot and oracle card sets over the past 10 years. I love reading for friends and family and I absolutely adore these cards. In my opinion, quite a few oracle cards are developed by the author for the author - but with these, they are definitely made with sincere thought and love - and are a gift for others and the world. Highly recommend these cards!
