OLD AGE PRIVATE EYE (OLD AGE PENSIONER INVESTIGATIONS (OAPI) COZY MYSTERIES BOOK 1) BY A. W. BLAKELY PDF

Six months into retirement from the local council, and Stanley was about as bored as he thought he could possibly be. Then he mowed the lawn (again) and knew his life was over. His wife was happy doing her crosswords, but Stanley felt like an old age pensioner with nothing to look forward to apart from sitting in his chair, watching daytime TV, and walking his dog, Roobarb.

On a whim, after yet another wet walk with his overweight pooch, he put an advert in the corner shop window: Old Age Pensioner Investigations. No job too big, or small. From murder to missing cats, Detective Stanley can solve it all.

He went home, got told off for letting Roobarb get mud on the lino, stared at Custard the cat who stole the only biscuit he was allowed a day (he was putting on weight), and fell asleep in his chair.

Then the doorbell rang. He had a case. The old age private eye was in business. Now all he had to do was actually solve a murder. Oh, and get a pad, and a pen, and maybe detectives had cars too, and secretaries, and offices...

He wasn't bored any more, that was the main thing. Plus the murder mystery, of course.

I really enjoyed this book

By MacKenzie

I really enjoyed this book. The character development between the main character and his daughter and his wife was well done. There was a nice balance between realism and humor. The love of the characters for each other even through the imperfections came through clearly. The age of the main character was portrayed honestly without being depressing. I read this book straight through and can't wait for the next adventure.

Worth a quick cozy read

By Heidi

Especially in the beginning, I have to admit the pace was slow, but I believe that the next books will have less central character development, a quicker pace, more twists and turns. The series has good potential.

I will be looking for the next book and I will purchase it, with GREAT hopes.

Lots of Humor and Heart

By Reading to Cats

You don't have to be a baby boomer to like Stanley, the aging detective, but it helps. I'm encouraging all my reader friends to check out this book. The cover first caught my eye: It's beautifully nostalgic. I was also drawn because my protagonist, Rose McNichols, has a 95-pound black Lab named Chester who has a prominent role in every book. Old Age Private Eye is the perfect cozy mystery. The author writes in an intimate style that allows the reader to get to know the characters up close and personal. Loads of fun.
