Mantuis has written a refreshing and entertaining lesson book for learning the piano/keyboard. As a new but considerably senior student I was looking for a self-taught tutorial that made learning fun and fast. After all I am no longer 12 years old with a lifetime ahead that I can devote to learning a musical instrument. Also, I live in the western mountains of Maine which makes finding instructors that are not traditional but more like Mantuis a real challenge if not impossible. So I absolutely endorse this book. His approach is supportive and easy to follow and best of all he quickly becomes your virtual friend helping you learn.
