## Review

Here's a tool that practices what it preaches--it's adaptable, real, and allows for focus in a variety of situations. Its solutions are doable. It's more than a tool--it's a toolbox full of tools! --Michael T. Hiller, Vice President Lending/Administration, Stanford Federal Credit Union

This book is filled not only with principles and concepts, but also with specific suggestions for implementation. I suggest that both HRD professionals and line managers read the book and work together when implementing change. They should consider a statement years ago by the late Dr. George Odiorne, 'The best option for change is one created by people who must implement it, or for one for which the implementers can claim ownership.' --Donald L. Kirkpatrick, Professor Emeritus, University of Wisconsin

Wow! This book is like having your own personal OD consultant! It offers not only the 'how' of a program on leading change, but also an insightful and helpful look at the why, when, and where. This book can save your company hours of design and development time...plus build your own skills as a change agent. --Lin Standke, Instructional Design Manager, Center for Professional Development, CUNA & Affiliates

The Trainer's Workshop Series is designed to be a practical, hands-on roadmap to help you quickly develop training in key business areas. Each book in the series offers all the exercises, handouts, assessments, structured experiences and ready-to-use presentations needed to develop effective training sessions. In addition to easy-to-use icons, each book in the series includes a companion CD-ROM with PowerPoint™ presentations and electronic copies of all supporting material featured in the book.

Leading Change Training helps you create solid change programmes within your organization and integrate leading-edge change leadership models and other theories into your programme. It not only involves simply reducing resistance, but also creating an awareness of the challenges and responsibilities that each person, irrespective of level, faces as a change initiative goes forward. Contains exercises, handouts, assessments and tools to help you:

- create effective change training for executives, leaders, managers and staff
- build support and reduce resistance to organisational change
- become a more effective and efficient facilitator
- ensure training is on target and gets results

“This book offers not only the ‘how’ of a programme on leading change, but also an insightful and helpful look at the why, when and where.”

Lin Standke, Instructional Design Manager, Centre for Professional Development, CUNA & Affiliates
