Now, how do you recognize where to acquire this book Wheelz By Steve Fotheringham Never mind, now you might not go to guide establishment under the intense sun or evening to look guide Wheelz By Steve Fotheringham We here always help you to locate hundreds kinds of book. Among them is this book qualified Wheelz By Steve Fotheringham You could visit the web link page given in this set and afterwards choose downloading and install. It will certainly not take more times. Merely link to your internet gain access to and you can access guide Wheelz By Steve Fotheringham online. Certainly, after downloading Wheelz By Steve Fotheringham, you might not publish it.

### **About the Author**

Steve Fotheringham has a Bachelor's Degree in Psychology from Weber State University, A Master's Degree in Marriage and Family Counseling, and a Doctorate Degree in Educational Administration from The University of Arizona. But the only credentials he claims for this book is that he was an eyewitness. With family and news videos, text messages, emails, Aaron's written stories, journal entries, magazine and news articles, and DVR recordings that cover much of his life, coupled with the fact that Steve and his wife Kaylene were there most of the time, he was able to write an accurate and inspiring biography.

This book is not about turning lemons into lemonade. It's about liking lemons. And no one likes them more than Aaron "Wheelz" Fotheringham

When asked by ESPN, "How do you define spina bifida?" Aaron responded, "A great opportunity."

Consumed by the simple but logical belief that riding is more fun than walking, Aaron took his wheelchair and turned it into a toy, playing and practicing on it until there was no place he couldn't go. After beating his peers in all the BMX competitions he could enter, Aaron became the unicorn of the Nitro Circus team, the ultimate dream of every BMX rider and skateboarder alike.

"The effect that Wheelz has on the crowd is out of this world. I mean, we have the best in the world of action sports, and more people come to see Wheelz than anybody else." Quote from Travis Pastrana, -X Games gold medalist and Nitro Circus organizer, leader and performer.

Aaron's story includes pain, determination, failure, motivation, and unimagined success. And yet these things are incidental to the real story. What makes his story great is that his attitude is contagious, and Wheelz is anything but quarantined.

"What a fantastic story of one determined kid with a great outlook on life! Everyone can learn and be inspired by Wheelz! That is what I love most about this book, it's applicable to everyone." Reader review.

Great Read, Don't miss it.

By lvmama3

"So pleasantly surprised! It's been a while since I've read a book with so many levels of interest. I thought it was going to be about a young man dealing with a disability who had big dreams. That's just scratching the surface. This book chronicles the story of an incredible family that have witnessed their adopted son's development into an international WCMX star. Told by the father of the family, we get an inside look into the creation of a new family, the creation of a new sport and the creation of an attitude of living that could benefit us all. Easy to read and hard to put down.

Great Book - You Won't Be Disappointed!

By Jac

When I picked up this book I knew I was going to learn about an amazing athlete based on the cover! A man in a wheelchair doing a handplant at the skate park...WHAT? And boy did I learn. I learned about perseverance, dedication, attitude, and a desire to do what every other kid Aaron was hanging out was doing. Wheelz has fans around the world which is not surprising at all because of his devotion to a sport that not only inspires others, but pushes everyone's thinking about a person with disabilities so far out of the box. What I didn't expect this book to be was a "How to" for parents. How to not hold your child back from the things they want to try, even if it is a bit scary. How to encourage, support and love no matter what! How to fight for what they need. Steve Fotheringham tells stories in a way that makes you smile, laugh, cheer and cry. Being able to watch the video clips that he was referring to because the links were provided in the book was a perfect addition. So well written!

Aaron Fotheringham has done some amazing things. He's successfully landed multiple backflips in competition

By Krista Van Dolzer

As the father of WCMX (or wheelchair motocross, for the uninitiated), Aaron Fotheringham has done some amazing things. He's successfully landed multiple backflips in competition, served as a wheelchair stuntman in movies and TV shows, and toured the world with Nitro Circus and a host of charitable organizations. But it's his attitude that's truly remarkable. When a well-meaning preacher once assured him that he'd be able to walk after he was resurrected, Aaron's immediate response was, "What makes you think I'll want to?" Other kids had to leave their bikes outside as soon as they got to school, but he got to ride his bike everywhere he went.

WHEELZ affords its readers a behind-the-scenes look at Aaron's life and the rise of this bone-crushing sport. It's a one-of-a-kind book about a one-of-a-kind kid who never thought much of the fact that his legs didn't really work, and I highly recommend it.
