Fin de Siecle Poster Art and Good Article

By A Customer

This is an awesome book for those interested in the 1889 Exposition Universelle de Paris. It has a very well-written piece on that time period, the exposition, and the propaganda as came out in the form of poster art and advertisements. The book is wide and has lots of full-color and b&w stills which go along with the text. While a newer release, I consider this book a rare gem in that it focuses on that incredible, bygone era.
